

Gate.io Joins Global Digital Finance Membership and Patron Board

London (UK), 22 March 2022 - Gate.io, one of the earliest and largest cryptocurrency exchanges, has joined the Global Digital Finance (GDF) Patron Board. As an established exchange with cutting-edge technology, Gate.io is committed to working with GDF, global regulators and policy makers to advocate for and accelerate the adoption of best practices for digital assets.

GDF, the leading industry body championing the adoption of best practices for digital finance, welcomes Gate.io's input as the community comes together to promote standards for the digital assets sector, cross-industry collaboration, as well as vital engagement with global agencies, particularly as statements and regulatory frameworks continue to be released at pace.

Dr. Lin Han, founder of Gate.io, said: "Over the years, Gate.io has been committed to ensuring regulatory compliance and user protection to meet high industry standards. We are very excited to join the GDF Patron Board and look forward to contributing our industry expertise, global compliance experiences, and in-depth knowledge of digital assets to global regulators and community members. We will work with GDF to drive the adoption of standards and best practices, as well as share our experiences and promote the development and mass adoption of this industry."

Lawrence Wintermeyer, Co-Chair of Global Digital Finance, commented: "The global crypto and digital assets sector continues to mature rapidly as we see the wider adoption of digital finance. We are delighted that Gate.io has joined the GDF Patron Board, and as a leading innovator in this space, we look forward to working with them to participate in and promote GDF's knowledge-sharing initiatives in the community."

Global Digital Finance

[Global Digital Finance](#) (GDF) is an industry membership body that promotes the adoption of best practices for cryptoassets and digital finance technologies, through the development of conduct standards in a shared engagement forum with market participants, policymakers and regulators. Over 150 global organisations are members of GDF and over 350 industry professionals from around the world have worked on developing the GDF codes of conduct, the only global standard in this emerging sector.

Gate.io

Established in 2013, [Gate.io](#) is one of the earliest and largest cryptocurrency exchanges. It is considered as one of the safest and most reliable global exchanges. Gate.io has over 10 million registered users. It is consistently ranked as one of the top 10 cryptocurrency exchanges based on liquidity and trading volume on CoinGecko. It has become one of the verified cryptocurrency exchanges in the market surveillance report of Blockchain Transparency Institute (BTI).
